PROFESSIONAL SUMMARY

A Full Stack Web Developer with hands-on experience in creating dynamic functional web pages and deploying. An ambitious and detail-oriented with a BSc in Physics and Maths, adept at JavaScript technologies across MERN Stack and solving Data Structures and Algorithm problems, is a curious learner and excellent team player. Intend to be a part of an organization where I can constantly learn and develop my technical and management skills and make the best use of them for the growth of the organization. I look forward to establishing myself by adopting new technologies as well.
